DETAILED ACTION

Examiner's Comment

On paper no. 01282004 Examiner designated claim 12 as "objected to" which Applicant commented on in the after final amendment received 9 March 2004 (page 8). The designation was in error and a typographical error. Claim 12 should have been designated as "rejected" as were the other pending claims.

Examiner's Reason for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art did not disclose or suggest a device for scaring birds or its method of setup with a silhouette of a bird with two holes therethrough, first and second swivels attached to the holes, a first line attached to the first swivel, a second line attached to the second swivel, and a third line directly attached to the first and second swivels where the third line does not tangle the first and second lines relative the holes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
